

Checklist before you apply for authorisation of foreign qualifications

Before starting your application, it is important to read our application guidelines, so that the submitted application is complete. This can be important in regard to case processing times. We recommend that you apply using a PC/Mac, not from a mobile telephone or tablet.

Please pay attention to the following:

Logging in:

Log in with an electronic ID or e-mail address. Remember to use the same log-in method each time you log in.

General documentation requirements:

- Certificates with grade transcripts
- Certificates of completed further education
- ID (when registering without electronic ID)
- Name changes (if applicable), e.g. marriage certificate, divorce decree

Country-specific documentation requirements:

Find the study country in the application guidelines and check whether stamps are required, or if we require documentation to be sent directly to us from the school/college.

Translations

We accept translations from authorised translation agencies. Check documentation requirements for specific standards for translations.

Consent:

If a third party wishes to contact the Directorate about the application, make sure the applicant provides information about consent in «other information» in the application form.

Authorisation of regulated professions:

See our list of regulated occupations at: hkdir.no and information about the relevant authorisation body. Application forms are also available at: altinn.no
